ROLLING IN DOUGH!

What a great idea for a birthday party! My friend Kristen Fisher hired a pizza truck for her sons Charlie and Carter's birthdays. Three adorable guys (their business is called Rolling in Dough) showed up with a wood-burning pizza oven - on wheels - and made fabulous pizzas for all the kids, including a truly decadent one with mashed potatoes and bacon. Who knew you could put mashed potatoes and bacon on a pizza? I can't wait to try this at home and make individual pizzas with my friends!
